

Remarks

Claims 22, 35-37, 40-42, 47-54, 69, 77-100, 103-119, and 143-150 are pending in the application. In the Office Action dated January 9, 2007 the Examiner has noted that the application is in condition for allowance except for informalities regarding the sequence listing. As amended herein, a replacement sequence listing ("IVGN 251.ST25.txt") has been inserted in the specification prior to the claims. This replacement sequence listing corrects the errors identified by the Scientific and Technical Information Center and does not add new matter to the specification.

Conclusion

Applicants believe that a full and complete reply has been made to the outstanding Office Action and, as such, the present application is in condition for allowance. If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at the number provided.

Respectfully submitted,

/Peter G. Foiles/
